Proud is the equality group representing lesbian, gay, bisexual and transgender (LGBT) members within the Public and Commercial Services Union (PCS). We in Proud aim to support all LGBT members in the workplace and offer support and training to help those members tackle any problems they may face around their sexuality. PCS as a union has always been firmly committed to Equality and Diversity, and has actively campaigned on behalf of members in minority groups and communities, including lesbian, gay, bisexual and transgender people. The group has a National Committee with reps organising in every region / country of the UK.

**You can get in touch with Proud by contacting the Proud rep in your area or the Proud Secretary. A full list of contact details is available on our website: [www.pcsproud.org.uk/national\\_committee.html](http://www.pcsproud.org.uk/national_committee.html)**
